

Please fill out this form if your child is a freshman or if your information has changed. This is how we will update charms (our band office software). It is also how you will receive information on joining charms if you do not already utilize the program. If your child has been in HS band but you **are not receiving** e-mails, please complete this form so we can verify your information.

Only include the parent/guardian you wish to receive contact about events, fundraisers, etc.
